

ZEV COMMUNITY

Moving fast: how to procure zero emission heavy-duty vehicles

Thursday 15 September 4pm BST / 8am PDT

[Register to join](#)

We need zero emission solutions to be adopted with speed, and at scale. And public procurement plays a huge role in this.

In this webinar we'll look at how governments and businesses can work together to procure zero emission heavy-duty vehicles. We'll explore mechanisms to deliver fast procurement, and discuss some of the obstacles in the way.

Presenters:

- **Anja De Cunto**, Big Buyers Initiative, Eurocities
- **Rosemarie Cramer**, Government of the Netherlands
- **Keith Kerman**, Government of New York City
- **Edward Thomson**, The Scottish Government
- **Business perspective**, TBC

The ZEV Community brings together all levels of government through a series of webinars to share and learn about exciting ZEV initiatives taking place around the world.

Members of the Under2 Coalition, the ZEV Alliance, C40 Cities and the U.S Climate Alliance are all invited to join.
